THE FEDERAL ALLIANCE OF SOUTHERN AFRICA

CONSTITUTIONAL COMMISSION

Institution Specification No. 006

THE FEDERAL EXECUTIVE

Working Draft 1.0

STATUS

The Federal Executive is established by the Federal Constitution as the executive institution responsible for administering the constitutional responsibilities delegated to the Federal Alliance by its Sovereign States.

The Federal Executive exists in Constitutional Trust.

It shall never become the Government of the States.

It shall remain the Executive of the Alliance.

---

1. PURPOSE

The Federal Executive exists to administer those constitutional responsibilities entrusted to the Federal Alliance.

It safeguards cooperation.

It coordinates implementation.

It administers federal responsibilities.

It serves every Sovereign State equally.

---

2. CONSTITUTIONAL DEFINITION

The Federal Executive is the permanent executive institution of the Federal Alliance.

It exercises only those executive powers expressly delegated by the Federal Constitution.

Every Office within the Federal Executive exists in Constitutional Trust.

---

3. THE PRINCIPLE OF FEDERAL SERVICE

The Federal Executive serves the Alliance.

It does not command the Alliance.

Its authority derives from the Constitution.

Its responsibility is owed equally to every Sovereign State.

---

4. THE BOARD OF THREE

The first executive body of the Alliance shall consist of:

- The Federal President.
- The Federal Vice-President.
- The Federal Secretary-General.

These three Offices constitute the Executive Leadership of the Alliance and form the principal executive body from which federal administration is coordinated. This reflects the organisational model established in the Governing Model.

---

5. THE BOARD OF TEN

The Board of Ten forms the Founding Federal Executive.

It consists of:

A. Federal President.

B. Federal Vice-President.

C. Federal Secretary-General.

D. Federal Ambassador.

E. Federal Minister of Internal Affairs.

F. Federal Minister of Defence.

G. Federal Minister of Peace Keeping.

H. Federal Minister of Jural Affairs.

I. Federal Minister of Finances.

J. Federal Minister of Health.

These offices are the permanent executive ministries established at the founding of the Alliance.

---

6. PURPOSE OF THE FOUNDING TEN

Collectively, the Founding Ten shall:

Administer the constitutional affairs of the Alliance.

Prepare the Federal Budget.

Coordinate Defence.

Coordinate Peace Keeping.

Maintain Internal Administration.

Protect Constitutional Order.

Represent the Alliance internationally.

Protect Federal Finances.

Promote Public Health.

Coordinate inter-state cooperation.

Every member of the Founding Ten is accountable to the Constitution before exercising authority.

7. THE BOARD OF TWENTY

The Board of Twenty expands the Founding Executive by adding one representative appointed by each Sovereign State.

These representatives ensure that every State has a direct constitutional voice within the executive deliberations of the Alliance.

These additional members represent their States and initially hold State portfolio responsibilities rather than becoming part of the original founding ministries until constitutional development makes that appropriate.

---

8. THE PURPOSE OF THE BOARD OF TWENTY

The Board of Twenty exists to:

Ensure equal State representation.

Coordinate national development.

Present State concerns.

Promote constitutional cooperation.

Strengthen federal unity.

Advise the Federal Executive.

Review legislation affecting the States.

Maintain communication between the Alliance and every Sovereign State.

---

9. THE BOARD OF FORTY

The Board of Forty is the constitutional forum through which the Alliance maintains direct constitutional communication with every Sovereign State.

Each State appoints two additional Ambassadors of State.

These Ambassadors represent both the Constitutional Guardian and the elected State President, ensuring that both constitutional continuity and democratic administration have a recognised voice within the Alliance. This develops the structure outlined in the Governing Model into a defined constitutional purpose.

---

10. FEDERAL COMMITTEES

Every Federal Ministry shall establish a permanent committee to assist in the execution of its constitutional responsibilities.

Each committee shall consist of:

- One Vice Federal Minister.
- Four Core Members responsible for the operational functions of the ministry.
- One Advisory Member appointed for specialised knowledge.

This structure follows the committee model described in the Governing Model while embedding it within the constitutional framework.

---

11. THE PRINCIPLE OF ORGANIC GROWTH

The Federal Executive shall grow only as the Alliance grows.

New executive offices shall be created only where:

A new constitutional responsibility exists.

A new Sovereign State joins the Alliance.

A constitutional amendment authorises such expansion.

Government shall never expand merely for its own sake.

---

12. THE PRINCIPLE OF THE HEXAGON

The Governing Model identifies six recurring dimensions of public wellbeing:

- Faith.
- Authority.
- Lifestyle.
- Infrastructure.
- Interaction.
- Wealth.

These are presented as a conceptual model inspired by patterns observed in nature and are intended to guide the design of public institutions and governance rather than prescribe legal obligations.

---

13. CONSTITUTIONAL LIMITATIONS

The Federal Executive shall not:

Exercise powers not granted by the Constitution.

Administer State Governments.

Interfere in People's Tribunals.

Override Constitutional Guardians.

Accumulate unnecessary departments.

Expand beyond constitutional necessity.

Its duty is administration.

Never domination.

---

14. CONSTITUTIONAL PRINCIPLE

The Federal Executive exists to administer the common responsibilities of the Alliance while preserving the independence of every Sovereign State.
